- Discuss emergency services communications with Police Chief Day and NCESD #6 Commissioners
 - Chief Day gave a presentation in which he expressed certain communication issues he has personally experienced between each of our emergency districts, including radio issues as well as verbal misunderstandings. Much discussion was had between Chief Day and the commissioners of both NCESD3 and NCESD6.
 - Some of the key takeaways for NCESD3 were:
 - i) There is currently one dedicated EMS unit in the district. There had been a 2nd "rover unit, but it was only temporary and no longer in our district.
 - ii) Allegiance EMS has sole contract with NCESD6, but mutual aid and other 3rd party EMS companies are sometimes called when an extra unit is needed.
 - iii) For better communication going forward, it was suggested that a "Mutual of Understanding" (MOU) should be drafted between NCESD3 and NCESD6 to clarify roles and responsibilities between the two districts when working together.
 - iv) Gary Eulenfeld suggested that each board of commissioners create a sub-committee to address the drafting of the MOU agreement.
- Meeting was adjourned at 6:30 PM

Minutes respectfully submitted by Gary Eulenfeld
